SUMMARY

Frontend Developer with 5+ years of experience in crafting seamless, user-centric web applications using cutting-edge technologies like React, Angular, Vue.js, JavaScript and TypeScript. Demonstrates a keen eye for UI/UX design, translating wireframes into engaging interfaces, and excels in agile environments. Passionate about staying updated with the latest trends and best practices in frontend development. Committed to driving innovation and enhancing user engagement through responsive design and efficient code management.

EXPERIENCE

05/2022 - Present

Frontend Engineer
IS2

- Developed responsive web apps with React, Vue.js, enhancing user engagement and cross-device functionality.
- Transform UI/UX wireframes into clean code, improving visual consistency and user interaction.
- Utilised Azure Boards for efficient task management, boosting team productivity.
- Maintain live systems, ensuring uptime and prompt resolution of production issues.
- Collaborate with cross-functional teams to align technical solutions with business goals.
- Enhanced application performance by optimising front-end code, resulting in noticeable improvements in load times and user satisfaction.
- Conducted thorough code reviews and debugging sessions using Chrome DevTools, leading to marked gains in code quality and functionality.
- Designed and prototyped user interfaces with Figma and JustInmind.
- Partnered with product managers and developers to align technical solutions with business goals, fostering a shared vision for project success.
- Good understanding of Git for version control.
- Utilised Azure Boards for efficient task management, boosting team productivity and encouraging collaborative problem-solving.

07/2019 - 01/2022

Developer 2 - Software Engineering
UST

- Maintained high-quality frontend development using Angular, HTML5, Bootstrap, TypeScript and CSS3, contributing to visually appealing and functional user interfaces.
- Managed critical tracks, including migrating the application UI from AngularJS to Angular 11, enhancing performance and maintainability.
- Developed and maintained RESTful APIs, ensuring efficient and

secure data communication.

- Utilised test frameworks Karma andJasmine for unit testing, ensuring robust and reliable application performance.
- Contributed to multiple customer-demand tracks, showcasing adaptability and the ability to manage priorities effectively.
- Designed user interfaces with Angular Material Design and collaborated on prototypes using Figma.
- Applied advanced techniques like Rxjs, NgRx, dependency injection and data binding for efficient application architecture.

- Worked in Agile Scrum teams, ensuring seamless collaboration and timely delivery of features.
- Collaborated closely with peers through pairing and knowledge sharing to drive quality outcomes.

EDUCATION

08/2015 - 06/2017	**Communication Engineering** Sree Buddha College of Engineering - Elavumthitta MTech
08/2010 - 11/2014	**Electronics and Communication Engineering** Sree Buddha College of Engineering - Elavumthitta BTech

SKILLS

Restful APIs	Advanced	UI/UX	Advanced
JavaScript	Expert	Git	Advanced
Tailwind	Intermediate	Agile Methodologies	Advanced
Node js	Intermediate	Angular Material Design	Advanced
React	Advanced	Vue.JS	Basic
Angular	Expert	Knockout JS	Intermediate
RXJS	Intermediate	Next.js	Basic
Angular JS	Advanced	Jest	Intermediate
ES6+	Expert	Jasmine/Karma	Intermediate
Typescript	Advanced	Problem Solving	
HTML5	Expert	Attention to detail	
Bootstrap	Expert	Communication skills	
CSS3	Expert
